

## Dublin Green Shamrock Program Business Pledge

My business recognizes that good business practices are compatible with sustainable environmental practices. We pledge to partner with the City of Dublin to contribute towards a sustainable community and will work on becoming a Bay Area Green Business.

Here are the steps to take to become a City of Dublin Green Shamrock business:

Step 1: Pledge, fill out this application, and send it in. (Note - there are no fees for the program.)

Step 2: Complete the Green Shamrock Program Business Recognition Checklist - determine what sustainability level you qualify for: **Bronze, Silver, or Green.** Grow your level as your business becomes more sustainable. While you improve your bottom line with your environmental practices, your marketing exposure will grow with your sustainability level.

Step 3: Attend a Dublin Green Shamrock “Carbon & Coffee” Workshop and learn how to make your business more sustainable.

When you are ready to commit further and become a certified Bay Area Green Business, complete the Bay Area Green Business Program checklist.
