CALCULATIONS OF BELOW MARKET RATE (BMR) RENT

- For very-low income households: Affordable monthly rents shall not exceed 30% of 50% of the annual area median income (AMI) for the number of persons expected to reside in the unit, divided by 12, and adjusted for household/unit size.
- For low-income households: Affordable monthly rents shall not exceed 30% of 80% of annual AMI divided by 12, and adjusted for household/unit size.
- For moderate-income households: Affordable monthly rents shall not exceed 30% of 110% of the annual AMI divided by 12, and adjusted for household/unit size.

For purposes of calculating the maximum rents, the following occupancy assumptions are made:

- Studio = 1 person;
- One bedroom = 2 people;
- Two bedroom = 3 people;
- Three bedroom = 4 people;
- Four bedroom = 5 people.

UTILITY ALLOWANCE

If the tenant is required to pay for utilities, the maximum rent must be reduced to account for the cost of such utilities (a “utility allowance”). A utility allowance is an estimate of the monthly cost of the reasonable consumption of those essential utilities. Utilities include gas, electric, water, and trash disposal and, if the tenant supplies a refrigerator and/or stove the tenant will receive a utility allowance. The utility allowance does not include the cost of telephone or cable services.

The Utility Allowance amount is established by the Housing Authority of Alameda County and revised periodically. The most current Utility Allowances for Alameda County may be accessed at the following web site: www.haca.net, click on “Participants”, then click on “Utility Allowance”.
