NOTICE OF PUBLIC SCOPING MEETING

Dublin Boulevard - North Canyons Parkway Extension Project
Wednesday, May 31, 2017 at 6:00 p.m.
Dublin City Hall, Regional Meeting Room
100 Civic Plaza, Dublin, CA, 94568

Project Name: Dublin Boulevard - North Canyons Parkway Project

Project Description: The City of Dublin, in coordination with the City of Livermore and Alameda County, proposes to extend Dublin Boulevard to North Canyons Parkway. The project is considered in their respective planning documents, as well as identified in the Plan Bay Area and Alameda Countywide Transportation Plan (Regional Transportation Plan ID# 21473).

The City of Dublin is the Lead Agency and will prepare an Environmental Impact Report (EIR) for the project identified herein. You are invited to attend the public scoping meeting and provide comments on the scope and content of the EIR, and the environmental issues and alternatives to be addressed in the EIR.

Project Purpose: The project would:

- Establish a precise alignment for a roadway extension that would connect several Association of Bay Area Government's (ABAG) Priority Development Areas (PDA) within Dublin and Livermore
- Analyze the footprint and recommend the number of travel lanes for the roadway to accommodate the long-range planning efforts identified in the Dublin, Livermore, and Alameda County General Plans, and the Plan Bay Area
- Improve mobility, multimodal access, connectivity, safety and efficiency for all users
- As a byproduct, relieve vehicular congestion in the region

Project Location: The study area is located within the cities of Dublin, Livermore, and unincorporated portions of Alameda County. (See attached Figure 1). While the proposed alignment is conceptual; the general study area is located north of US Interstate 580 (I-580), between the existing Dublin Boulevard to the west and North Canyons Parkway to the east.

Public Scoping Comments: comments must be provided in writing (letter or email) to the address shown below by **5:00 p.m., Monday, June 19, 2017**. A comment station will be available at the meeting, to collect written comments and feedback on the project. If you wish to be placed on the notification list for this project, or if you have any questions or need additional information, please contact:
