## The Census is Underway

Census 2020 is important because it brings federal funding to our community for schools, roads, and housing. Invitations for the 2020 Census were mailed to all residential addresses on March 12-20. A complete response helps allocate resources to our community. The census can be completed online or over the phone in 13 languages. Households that have not yet completed the census will receive reminder(s) in the mail in April and may receive (or request) the paper form.

Both the [City](#) and the [State](#) have more information about the Census online.
