Special Notice to Dublin Businesses

Bay Area Health Orders Remain in Effect

While Governor Newsom announced the easing of some state restrictions as California begins to reopen, Bay Area Health Officers confirmed on May 7, 2020 that **curbside pickup from non-essential, non-outdoor businesses would NOT be allowed to begin in the Bay Area on May 8.**

The Governor recognizes that California communities are impacted differently by coronavirus and can make decisions at the local level. In our current environment, if a county order differs from a state order, the more restrictive order takes precedence.

The Bay Area Health Officers commend the residents and businesses who have made tremendous sacrifices to flatten the curve and protect community health in our region. Local jurisdictions continue to work on responsible reopening plans that maintain progress in the fight against coronavirus.

Changes to current local health orders will be evaluated at the local and regional level.

Dublin Small Business Emergency Microloan Program

To help mitigate the negative impact of COVID-19 on Dublin small businesses, this week the Dublin City Council established a Small Business Emergency Microloan Program.

The objective of the program is to offer financial assistance to small businesses, with a focus on retaining local restaurants and retailers in Dublin.

The program provides zero-interest, unsecured, short-term loans of up to \$10,000 to eligible Dublin small businesses and is intended to augment state and federal financial assistance programs.

The City will begin accepting online applications on **Tuesday, May 26, 2020** at 8 a.m. and applications will be reviewed on a first-come, first-served basis. The application portal will close on June 30, 2020 or when funding has been exhausted, whichever occurs first.

For more details, visit the new webpage, www.dublin.ca.gov/microloan.
