

City of Dublin
PROTOCOL FOR USE OF SPORTS FIELDS
for CYE (Childcare or Youth Extracurricular) Activity Units

To reduce crowding, maintain a safe environment and to limit the transmission of the COVID-19 virus, the City will follow the most stringent and current health guidelines and protocol set by the Centers for Disease Control and Prevention (CDC), the State Health Authorities and the Alameda County Health Department.

The current order set by the Alameda County Health Officer (6/5/20), states that small outdoor gatherings are permitted for **Childcare or Youth Extracurricular Activity Units** (CYE Activity Units).

- A CYE Activity Unit is defined as a group of 12 or fewer children and adults, formed for the purpose of providing childcare or extracurricular activities for youth.
- A CYE Activity Unit should be maintained for a **minimum of a three-week period**.
- No person may be a member of more than one CYE Activity Unit during any three-week period.
- Members of a CYE Activity Unit will continue to comply with Social Distancing Requirements of a minimum of six feet of distancing between participants.
- If more than one CYE Activity Unit is at a certain location or facility, each group shall be kept separate and groups shall not mix with each other.

As a result of this most recent order, requests for use of the City of Dublin athletic fields may now be considered for use beginning June 22, 2020 by groups deemed as City of Dublin Youth Sports Organizations who meet the above requirements. The date may be delayed upon the discretion of City staff to adequately approve applications and proposals received. Organizations must provide an operational plan for safety compliance to be approved by City staff which must include how the organization plans on abiding by the following restrictions:

- A CYE Activity Unit is defined as a group of 12 or fewer children and adults, formed for the purpose of providing childcare or extracurricular activities for youth. The total number of participants in the unit includes all children and adults including coaches within the unit. All parents/guardians must be informed that their child may only participate in one CYE for three consecutive weeks. (Ex - Cannot participate in a tennis camp and baseball practice)
- Fields may be used for practices only (no games and no scrimmages).
- Any participant or coach that exhibits any viral symptoms or has a temperature of 100.4 degrees or higher will not be allowed onto the fields.
- All participants age 12 and older are required to wear a face mask. Use of face coverings in children under the age of 12 must be subject to adult supervision.
- Hand sanitizer must be provided by Sports Organizations. Participants will need to wash hands and/or utilize hand sanitizer before, during and after the programmed activity. Participants must cover coughs and sneezes with a tissue or fabric or, if not possible, sneeze into their sleeve or elbow (not hands).
- No spectators, parents etc. will be permitted onsite. Participants will be dropped off for practice and picked up afterward, there will be no areas designated for spectators.
- Shared equipment is permitted, but only with the same stable group of 12 and must be cleaned daily at a minimum.

Applicants must submit a Safety Compliance Plan to Nicki Wanzenried at Nicki.Wanzenried@dublin.ca.gov for approval by City staff. Upon approval, the Safety Compliance Plan will be included as an addendum to the existing Field Use Permit. Non-compliance to any of the rules or guidelines outlined in the approved addendum may result in revoking of the Field Use Permit by the City of Dublin. Staff will be diligently reviewing all orders released and will be in contact if there are any changes to current guidelines. Nicki is also available to handle scheduling questions or concerns with your current accounts.

If you have any questions, please e-mail Bridget Amaya, Asst. Parks and Community Services Director at bridget.amaya@dublin.ca.gov. Welcome Back!!
