Citizen Self Service—Resubmitting eReview Files

If staff has determined one or more of the eReview files associated with your permit or plan requires resubmission, an automated email will be sent to the email(s) on file notifying you an action is required. Included in the email are condensed instructions for resubmitting your files and an attached submittal summary report.

NOTE: You must wait until an active submittal review is complete before new/revised files can be uploaded.

1. Login to your CSS portal and navigate to **My Work**.

2. Choose “**My Permits**” or “**My Plans**”

3. Find the record that requires files to be resubmitted.

4. From the **Summary** screen of your permit or plan, you should see an Available Action to **Resubmit a File**, a red “**i**” next to Reviews and Attachments.

5. Start with the **Reviews** tab to see the “**Correction Comments**” the Item Reviewer(s) left for you.

6. Each Item review expands to show the details of the item review.
 - **Green** is “Approved” & **Red** is “Requires Resubmit”. Expand the Item Reviews to see the corrections or comments.
 - There is a box for you to “**respond**” to the comments.
 - You are required to activate the Acknowledge toggle before moving on.

Correction Type	General	Category	General Correction
Corrective Action	N/A		
Comment	Used for general corrections please provide height of deck from ground - replacement of decks more than 4 feet above grade must comply with setbacks unless the work is limited to repairs.		
The deck height from ground is approximately 12 inches. It is not more than 4 feet above grade. How do we re-submit this?
