## Citizen Self-Service Portal: Your One-Stop Shop for Business Licenses and Permits

Effective July 5, 2024, the City of Dublin transitioned to a new Business License and Permitting system to streamline the application processes. We have moved away from the use of the Citizen Services and eProcess360 systems you may have previously used to submit Business Licenses and Building Permit applications to a new Enterprise Licensing and Permitting (EPL) system, also known as the Citizen Self-Service Portal (CSS).

This Portal will be your one-stop shop for permits, application submittals, and business licenses, designed to enhance your experience and make interactions with us more efficient. This change is part of our ongoing effort to provide exceptional customer service to residents, the business community, and other stakeholders who regularly work with the

City.

Businesses can expect to receive email notifications with business license renewal details in early September. If you have any questions or need to update your business license, please email [businesslicense@dublin.ca.gov](mailto:businesslicense@dublin.ca.gov).
