The Schaefer Ranch Geologic Hazard Abatement District (GHAD) received notice from the Alameda County Fire Department (ACFD) on March 20, 2025, informing the GHAD that the weed abatement compliance deadline for the above-referenced parcels was May 1, 2025.

Upon receipt of the notice from ACFD, the GHAD scheduled its biologist to survey the vegetation management zones in accordance with the Conservation Easement over the subject properties prior to weed abatement activities. The biological surveys began on April 15, 2025, and were completed on April 24, 2025, and the biologist notified the GHAD that the maintenance contractor was cleared to begin weed abatement activities.

The GHAD's maintenance contractor began weed abatement activities on April 15, 2025, and completed work on April 30, 2025.

Clearing of vegetation was consistent with the Schaefer Ranch GHAD Vegetation Management Zone Map previously reviewed by ACFD.
